

BSA NOVA Cub Scout Wild!

10/14/18

Note from Dr. A. Bergen:

Thank you for attending today! We hope you enjoyed learning about wildlife & the natural world.

To complete your NOVA Wild! Award work, you will need to read a book on the natural world or watch a video on the natural world for 60 minutes. This can also be a combination of watching and reading to achieve the 60-minute goal. Please take notes in your science journal (notebook).

As we learn in Cyber Chip every year, not all internet resources are correct, kid safe, or accessible. Please consult this library resource list for K-5th books and videos. Your school librarian can also help you access resources at your school, especially with the call numbers listed below. Ask a CML librarian about Hoopla.

Recommended Resource list:

- DVD J570 (2009). *Rock n' Learn: Life Science*. Conroe, TX: Rock n' Learn. ← K-2nd range
